

TEN CENTS A WEEK

Boston, Jan. 24.—The loss of the cutter Trojan, of the Boston Philadelphia line, in collision with the schooner Nacoochee, of the Savannah line in Vineyard sound last Sunday, was reported here by the Nacoochee, which arrived having on board the captain and crew of the Trojan. The accident was due to a fog. The cutter struck the Trojan amidships and the latter then went to the bottom within three-quarters of an hour. Her Captain Thatcher and the crew of 27 men of the Trojan were taken off by men from the Nacoochee.

HORRIBLE DEATH OF TWO CHILDREN

Were Burned to Death in Barn
While Father Was Away.

BODIES FRIGHTFULLY CHARRED

McCray Left Little Ones at Home While He Went to Work in Field and Was Attracted Home by Smoke. Found Barn in Big Blaze.

As a result of fire which destroyed the barn of a colored farmer named McCray, near Waldo, on Tuesday, two children of McCray, aged six and eight years respectively, are dead, having perished in the flames.

It is rumored that several days ago McCray and his wife separated, the latter leaving home. McCray went down in his field to work Tuesday, leaving the two small children alone at home. He was attracted a short time afterward by a dense smoke and hurrying to the house discovered the barn on fire. The children were missing and could be found nowhere, but after the fire had died down their lifeless forms, terribly charred, were found in the ruins.

The loss is a serious one all round to the unfortunate man. Aside from the death of his children, his entire crop of grain and other products of the farm, which had been harvested, were lost. A dog belonging to McCray was also cremated.

The origin of the fire is unknown, but it is supposed the children ignited the contents of the barn while playing with matches.

DEATH OF A VETERAN.

Elias Sylvester Passes Away at the Age of 72 Years.

Elias Sylvester, one of the old residents of this county and a Confederate veteran, died at his home near Paradise on Saturday, January 20th, 1906, aged 72 years.

Deceased was born at Fort Call, Lafayette county, in 1834, and went with his parents to Wayne county, Ga., when but an infant, where he remained until December 18th, 1875, when he returned to this State.

He was united in marriage to Nancy Elizabeth Bennett, who, with four sons and one daughter, are left to mourn his death, all being with him at his demise, except one son.

He had been a great sufferer for four or five years, and nothing was spared to make him as comfortable as possible. Although he suffered much, he did not give up until about a month ago, when he took to his bed.

Deceased was a good friend to all, and it did him much pleasure to do a friendly act.

The funeral took place at 3 p. m. Sunday, the remains being laid to rest in Antioch cemetery, a large number of sorrowing friends and relatives being present to pay their last tribute to his memory.

He will be greatly missed by many, who can only say "God's will be done."

SONS OF REST

Enjoy a Feast at the Continental Restaurant—A Jolly Time.

There are a number of congenial spirits in this city who get it into their heads about once a year that they can eat, but abhor the idea of getting bread through the exactions of their brow, and when this desire comes on they hie themselves to the Continental, where the annual banquet of the Sons of Rest is enjoyed.

On Tuesday evening, Jan. 23d, they met and conquered a very toothsome spread prepared for their annihilation and there was not much but empty dishes at the conclusion of the attack, the menu consisting of oysters raw, stewed and fried, baked chicken, boiled ham, Irish potato salad, buns, Swiss and cream cheese, coffee and cigars.

The coffee came "after play," which is supposed to mean that they only played with the feast, and as it is against the rules of the order to mention work they would not have it understood that the disappearance of a bountiful spread was anything but a pastime for the club.

Bids For Sewers.

The bids for letting the contract for the city sewer system will be opened this afternoon, and if all those who are in the city looking up the contract put in a bid, they will have a large number, as there are representatives from New Orleans, Dayton, O., Chatta-

Yesterday they were out about the city looking up the matter and seeing what sort of stuff they would have to contend with in putting down the pipes. One man said he found plenty of water, but he might have made his tests in the lowest places.

The contract will probably be let tomorrow, and the competition ought to make it good for the city.

Ships Collide in a Fog.

New Orleans, Jan. 24.—Steamer Hispania (Norwegian), Seaburg from Puerto Cortes, with fruit, during a dense fog collided with the steamer Dalton (British) from West Hartlepool, at anchor at quarantine station. The Hispania broke several plates and was beached below the station. A tug and barge have been sent to her assistance. The Dalton sustained no damage.

Court Rebukes Vardaman.

Jackson, Miss., Jan. 24.—Governor Vardaman sustains a crushing defeat in the decision of the supreme court rebuking his alleged attempted interference with the judicial function of the state and his attempt to dictate the affairs of the prison board of control. A dissenting opinion was issued by the chief justice.

Killed by Dynamite Explosion.

Arkansas City, Kans., Jan. 24.—Jno. Christ, aged 25, and Charles Mciver, aged 18, employees of the Midland Valley railroad, were killed by an explosion of dynamite 5 miles south of Silverdale, Kans. The men were engaged in thawing out the explosives when the accident occurred.

May Establish Shoe Factory.

Huntsville, Ala., Jan. 24.—A large shoe manufactory, located in Massachusetts, has opened correspondence with the chamber of commerce, with a view of securing a location in this section, and will send a representative here within the next few days to look over the field.

Imperfect Digestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this. It gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

River on Rampage.

Memphis, Tenn., Jan. 24.—The Warrior and Tombigbee rivers are on a rampage. The gauge at Tuscaloosa Tuesday morning showed the flood stage, 50 feet, and still rising. Flood warning for Demopolis on the Bigbee has been posted.

Commission Reaches Washington.

Washington, Jan. 24.—The Imperial Chinese commission, sent to this country by the emperor of China to study American social, political and industrial conditions, arrived here Tuesday morning on a special train from Chicago.

Delicate Children

The children cannot possibly have good health unless the bowels are in proper condition. A sluggish liver gives a coated tongue, bad breath, constipated bowels. Correct all these by giving small doses of Ayer's Pills. Genuine liver pills, gently laxative, all vegetable, sugar-coated. We have no secrets! We publish the formulas of all our medicines.

MUMMIES.

Some That Do Not Come From the Tombs of the East.

Many persons who have an interest in archaeology will be surprised to know that all the mummies to be seen in museums have not been taken from faraway tombs in Egypt or other eastern lands. Well preserved mummies have occasionally been taken from the ruins of the cliff dwellers in the mountain canyons of Arizona and in New Mexico and southern California. These mummies, though very poor specimens of the mummifying art, are considered great treasures by scientists, because they give the anthropologist a vague idea of the strange people who had the earliest civilization on the American continent. The best of them are almost entirely ignorant of who the Aztecs and Toltecs were, how they looked and lived and why they have been so entirely obliterated from the face of the earth.

The reason for this ignorance is found in the fact that no satisfactory remains of the dead Aztecs have been found. These people were cremationists, and they probably buried household effects with the dead, leaving little or nothing for the scientist to build a theory upon. Frequently a party of explorers in the valleys of Arizona will come upon sealed jars of burned bone dust.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all druggists.

Flowers in the Shade.

It is not unusual to hear a complaint that one's yard has no sun, and therefore flowers cannot be raised. But there are a large number of flowers that prefer shade to sunshine in summer. The begonia is of this class. Those who have north walls or fences may have great beauty during the summer by setting out the different kinds of begonias. Even the gloxinia, the achimenes and similar hothouse plants bloom splendidly throughout the summer season when grown on the north side of walls.

A Thousand Dollars' Worth of Good.

A. H. Thurnee, a well-known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me \$1,000 worth of good." J. W. McCollum & Co.

Keppel's Recipe For Health.

Meeting me in a bitter east wind one day in Piccadilly on his way to church, Keppel asked how Mr. Gladstone was. I told him he was very ill. "Ah," he said, "he is overnursed. If he would do as I do, climb up eighty steps, have a cold bath every day and sleep with his window always open, he would never be ill."—Memoir of Sir Henry Keppel.

Chamberlain's Cough Remedy Absolutely Harmless.

The fault of giving children medicine containing injurious substances is sometimes more disastrous than the disease from which they are suffering. Every mother should know that Chamberlain's Cough Remedy is perfectly safe for children to take. It contains nothing harmful and for coughs, colds and croup is unsurpassed. For sale by all druggists.

Personal Beauty.

If either man or woman would realize the full power of personal beauty it must be by cherishing noble thoughts and hopes and purposes, by having something to do and something to live for that is worthy of humanity and which by expending the capacities of the soul gives expansion and symmetry to the body which contains it.—Upham.

CATARRH THE PLAGUE OF WINTER

Every Catarrh sufferer dreads the return of cold weather, for at the first cold breath of the season this plague of Winter is fanned into life with all its miserable symptoms. The nostrils are stopped up, and a constant dropping of mucus back into the throat keeps up a continual hawking and spitting, the patient has dull headaches, ringing noises in the ears and a half sick, depressed feeling all the time. Every inner lining and tissue of the body becomes inflamed, and secretes an unhealthy matter which is absorbed into the blood and distributed to all parts of the body, and the disease becomes constitutional. THE BUCKMAN BILL RESISTS ASSAULT

The Petition for Rehearing Denied by State Supreme Court.

THE "ARCH" PLOTTERS FOILED

Attorney-General Ellis Declines to Use His Name to Appeal to United States Supreme Court—This Will Probably End the Matter.

Tallahassee, Jan. 24.—The action of the Supreme Court yesterday in denying the petition for a rehearing of the Buckman educational bill, which was filed by Attorneys Cooper & Cooper of Jacksonville and Judge Arch Henry of Lake City, will be a relief to the people, who are weary of such actions. This probably is the last appearance of the famous Buckman bill in the courts as it is understood that the Attorney-General will decline the use of his name in an appeal to the United States Court.

ROCHELLE RESUME.

An Interesting Letter, Filled With Local News Items.

Rochelle, January 23.—Mrs. John Coulter is visiting at Arredondo this week, the guest of her parents.

J. A. Tucker made the Central City a brief visit Wednesday.

A lovely little son is receiving a warm welcome at the home of his parents, Mr. and Mrs. John Feaster, having arrived Sunday on the moonlight express.

Yesterday being a fine day for ducks, Messrs. Williams and Smith went hunting, but the report of the gun proved "they roost too high for me," therefore they got ducked.

Mrs. G. W. Tillman of High Springs spent Monday here, the guest of Mrs. Jones.

W. A. Adams is now manager of the Star restaurant. Will is fond of high living, so you may expect to be served royally.

J. H. Anderson of Dannelton was a welcome visitor here yesterday.

We are delighted with our new music teacher, Mrs. E. F. Z-trouer.

Our bird operator made a flying trip to Gainesville Monday.

Elmo Mansfield, the sleepless operator of Greenville, spent Saturday and Sunday here with his best friends. Elmo used to be one of the boys, therefore was warmly welcomed.

Mrs. T. J. Perry and daughter of Boardman spent Sunday in our burg.

Prof. J. H. Owen has organized a literary society in our little village. Indeed we feel proud of the interest he is taking, and to know that Martha Perry Institute possess such an efficient teacher.

W. M. Bareo, one of Dutton's society boys, spent Sunday in our midst.

Rev. E. B. Clark of High Springs preached two interesting sermons here Sunday.

The dance at the home of Mr. and Mrs. A. Z-trouer Tuesday night was an enjoyable affair, notwithstanding the inclemency of the weather. The evening was passed away in conversation, music, laughter and repartee.

Miss Winnifred Tucker leaves today for Dannelton to visit relatives.

Grateful Acknowledgement.

As we are busy so much of the time and cannot see personally those we wish to reach, we take this means of thanking our kind friends who, by words and deeds, have shown their thoughtfulness of us the past few weeks while we have had sickness. Rev. Carlisle P. B. Martin, L. L. D., of Waverly, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm which produces a cough and is very hard to dislodge, but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." Sold by W. M. Johnson.

SEVERAL INJURED IN WRECK.

Entire Train, Between Rome and Anniston, Turns Over.

Rome, Ga., Jan. 24.—Passenger train No. 18 of the Georgia Pacific division of the Southern, which was running as the morning edition of N. Y. Times, was wrecked at Cunningham, 10 miles from Rome, at 11:30 o'clock Monday. There was no one killed, but several injured. The entire train, which consisted of six cars, three of them sleepers, turned over, leaving the engine alone on the track.

Those injured are Conductor M. G. Waits, of Atlanta, leg broken; Fireman John Clark, of Atlanta, foot injured; Baggage-man J. V. Martin, of Atlanta, right arm hurt; F. M. Floyd, of East St. Louis, hurt in back; A. M. Moore, of Kansas City, back hurt.

The first and second cooks on one of the Pullman cars were hurt in the back, but only slightly. All of the passengers were brought to Rome by the relief train, which was sent out from here, and were sent to Atlanta.

The cause of the wreck was a broken rail.

Physicians were sent to the scene and the injured cared for. The wrecked train was en route from Birmingham to Atlanta, and was coming this way on account of a wreck on the Georgia Pacific division between Austell and Anniston. The wreck will not be cleared for a day or two, and transfers will be made until then.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another, then different ointments and liniments, gave it up altogether. So I tried once more and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of sufferers." Sold by W. M. Johnson.

THE WEATHER.

The temperature on Wednesday morning was decidedly cool, the thermometer at 7 o'clock registering 40 degrees above zero, and the sun just peeped out from a cloud to let us know he was still with us in Florida and would come to the rescue if it was deemed necessary.

Some people, not pessimists, however, had made many mournful statements regarding what would happen if the warm weather continued and also informed us that everlasting destruction awaited the country if we should have a hard freeze. Realizing the situation, the weather man appreciated the condition and just let nature take its course, the result being that the most tender plants did not seem to feel the effect of the drop in temperature as keenly as some did the decline in cotton the day before.

But the cold wave was a blessing in disguise, for a man who declared he was not a pessimist, although he would no doubt have been detained until he could prove an alibi if anyone had been looking for people of that brand, solemnly avowed that the germs of disease were holding high carnival to think that the weather was so favorable for them, and next summer they would stalk about fair Florida reaping destruction on every hand.

But the weather is not under the control of even Mr. Mitchell of the government station at Jacksonville, although he gets next to it nearly all the time, and we have got to take it as it comes and abide the consequences. We can fret and fume all we please and the thermometer will not even register how warm or cool we may appear, and that is all the good it will do. We have to take it both hot and cold, and when it is too cold for comfort put on more wraps, removing them when it warms up.

There has never been a famine on account of the hot or cold weather, although many have suffered financial losses. Do your best and leave the rest to the weather, which is controlled by a higher power than even our excellent weather bureau.

ADAMS' RESIGNATION.

The Sun is in receipt of a communication requesting the publication of Hon. Nathaniel Adams' letter to Governor Broward tendering his resignation as a member of the State Board of Educational Control, which appeared in these columns several days ago.

The letter was published without comment, pro or con, lest some might assert that our opinion was biased, although it appeared to many that Mr. Adams was satisfied he could not control the able gentlemen who comprised the other members of the board, and took the step he did to get sympathy and show his Columbian orators at Lake City that he was loyal to them, and if he could not help them in his position would not be a party to the adjustment of the educational interests of the State when they did not materially help his local interests.

In Mr. Adams' letter of resignation the same argument is used in opposing the Buckman school law as was used in supporting the Buckman bill on the floor of the Senate at Tallahassee, and while we have refrained from leading any controversy regarding the matter, leaving it to the fair-minded people of the State to judge as to what they desired, owing to the fact that the University of Florida is a State institution, it cannot be expected that we would very cheerfully let down Mr. Adams, who resigned a position of honor tendered by the Governor, expecting that he would do his duty as a citizen for the advancement and adjustment of the whole people by aiding to uphold our school system, which is recognized as the bulwark of our National existence.

"HOGWASH."

Two or three Florida newspapers are indulging in some very foolish and inconsequent talk about the Buckman law having the effect of "robbing the tax-payers of their hard-earned money to educate the children of the rich at the expense of the poor," because it requires as a prerequisite to admission to the State University, that the applicant shall have "passed a satisfactory examination at some high school and through the twelfth grade as now established."

With all due professional and personal respect for these contemporaries, we beg to remark that this sort of stuff is what Artemus Ward (or was it Mark Twain) used to call "Hogwash."

What good would the University course of study do a poor—or a rich—boy whose qualifications were such that he could not enter on equal terms with any other student? What restrictions to admission to the University would these grumblers suggest? Or would they provide that any boy who can "read and write and cipher," however imperfectly, shall be eligible to admission to that institution?

One of the alleged arguments advanced in support of this extraordinary proposition is that the children of the poor cannot afford to go through the whole twelve grades in order to achieve eligibility to the University. Why? The schools and high schools are free and open. If a boy has the intellect and the ambition to cover the high school course and enter the University, there is no question of wealth or poverty that can keep him out of it, or which by any possibility could be affected by the provisions of the Buckman law.—St. Augustine Record.

Gainesville stands on her own resources. The reason people come here to live is because we have a climate that draws them; we have a public school that is an attraction; churches that are a credit to the city; people who are an honor to civilization, and the best county in the State to back us.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

FARM NOTES.

The best breeds of cattle make the best beef. Select those best suited for the purpose you wish—milk or beef cattle.

The farmer who raises stock with his other crops is seldom at a loss to know where to get a little money. A young steer will always bring a good price, and when fattened on velvet beans makes excellent beef.

Uncle Sam, through its agricultural department, has gone into the business of instructing his people in the art of road building. Last year he built twenty-one model roads in different sections of the country. A comparative statement of cost is given which shows that macadam roads have a maximum cost of 98 cents and an average cost of 55 cents per square yard; sand and clay roads cost 9½ cents; burnt clay 20 cents, and shell 24 cents per square yard.

The hog market has been satisfactorily strong all the season, and got stronger as the season advanced. Prices were higher than for corresponding periods a year ago, and at this writing are from 50 to 70 cents a hundred higher. And this condition is in face of increased receipts at the large packing centers. In Chicago alone the increase for the year 1905 was about 600,000 head. Higher priced hogs and cheaper corn must be a combination satisfactory to swine growers.

The story of Rowena Peyton, the alleged "old match woman" of Atlanta, of whom it is told that she was, when young, a proud Virginia beauty and danced with the Prince of Wales, is one of those things that may be classed as very pathetic if true—but it comes from Atlanta—Pensacola News.

The Governor of Georgia and the Governor of Florida met in Jacksonville Sunday, and although the weather was warm and mint was available, there was nothin' doin'. The good old days of the simple life have passed forever.—Live Oak Daily Democrat.

The article headed "Hogwash," taken from The St. Augustine Record, has a heap of good sense in it. The Record editor struck the key-note.

John McDougall has been nominated for postmaster at Tallahassee.

Jackson county will have a new court house to cost \$65,000.

The Ocala Rifles stand second in the military annuals. Key West first, of all Florida militia.

Live Oak is still making rapid advances toward complete city status and now has a street sprinkler.

George Secon, one of the actors with the Pickert Co., died suddenly Saturday at DeLand of apoplexy.

You can go to Miami and West Palm Beach by the auto route. It also reaches some other winter resorts.

The proposition to bond Punta Gorda for the purpose of putting in water-works and a dry dock seems to meet with popular favor.

Capt John L. Inglis of Port Inglis was presented with a handsome silver tea service by his Ocala friends last week for his new yacht, Tuna.

Halcyon Hall, Miami's new hotel, has opened and is being filled with guests. It is the most attractive structure in the south end of Florida.

The Fernandina sanitary officer is getting after the untidy people along the business streets and trash boxes are declared a nuisance unless kept clean.

Tom Grice, who robbed another negro of a dollar and then pushed him in the river to drown, was sentenced to hang at the session of the Escambia circuit court Monday.

In the suit of Ella F. Hooper vs. the Atlantic Coast Line at Tampa, for damages for injuries received while boarding a train, the jury awarded \$12,000. The case will be appealed.

S. C. Dunn of Palatka suicided in Savannah, Ga., Monday, by shooting himself with a 38-calibre revolver. He was married and 35 years-old. Ill health is thought to be the cause of his rash act.

Olin Davis, Andrew Mitchell and Ed Melzer, who were arrested some time ago charged with robbing W. S. Dorsey & Co.'s store at Jacksonville, were bound over Tuesday in the sum of \$300 each for another robbery. All white.

The general merchandise store of F. J. Pons & Co. at Macclenny was destroyed by fire on Monday morning. The fire was caused by an explosion of powder, which blew out three sides of the building. Mr. Pons was insured.

J. M. Pace of Lake Helen has been awarded the \$100 prize for the best box of oranges that was offered by the Painter Fertilizer Co. of Jacksonville. This makes two years straight that this prize has gone to Volusia county orange growers, for last year it was awarded to W. S. Hart of Hawk Park.

The Fernandina Star says that the deputy sheriff had a little trip, two of them, to Fargo, a small station on the Atlantic Coast Line, a few miles across the Georgia line, to bring back the murderer of Johns, but found that the man under arrest bore about as much resemblance to the assassin as a rabbit does to a goat.

Fred Williams, a colored Seaboard Air Line brakeman, while coupling cars in Ocala Saturday was caught between the cars and very narrowly escaped being crushed to death. He was carried to the hospital, where it was ascertained that he was only slightly hurt. He returned to Jacksonville Monday.—Ocala Banner.

A negro witness in the Pensacola police court, who showed an inclination not to testify in a case in which he had been summoned by the police, in giving his limited version of a disturbance, referred to Officer Frank Bohner rather familiarly as "That feller." That was too familiar for the Recorder to stand for on the part of the negro and he promptly fined the negro a dollar.

Spoiled Her Beauty.

Griffin Houses Loses Cases.

Washington, Jan. 24.—The interstate commerce commission announced its decision of the Griffin Grocery company, of Griffin, Ga., against the Southern Railway company and the Central of Georgia Railway company, dismissing the complaint. The complaint alleged unjustly higher freight rates from Chicago and St. Louis, to Griffin than to Macon, Americus, Albany or Dawson, Ga. The commission holds that no undue prejudice against Griffin or violation of the long or short hauls clause is shown.

Fireman Has Leg Broken.

Rome, Ga., Jan. 24.—A southbound freight train on the Southern railway from Cleveland, Tenn., to Atlanta, was wrecked in the north Rome yards. It seems that section No. 1 stalled just before reaching the north Rome depot, and so a yard engine from east Rome was sent over to help. Just about this time section No. 2 came rushing along and ran into the first section, wrecking ten cars. The only injury sustained was that the fireman of the switch engine had his leg broken. The track was soon cleared.

Chronic Constipation Cured.

One who suffers from chronic constipation is in danger of many serious ailments. Orino Laxative Fruit Syrup cures chronic constipation, as it aids digestion and stimulates the liver and bowels, restoring the natural action of these organs. Commence taking it today and you will feel better at once. Orino Laxative Fruit Syrup does not nauseate or gripe and is very pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Serious Trouble Threatened.

Canton, Jan. 24.—Serious trouble threatens to break out as a result of the Chinese refusal to pay taxes in order to raise revenue for the construction of the Canton-Hankow railway. The merchants' guilds are determined on a voluntary strike and the vice roy threatens the leaders with decapitation. Three Chinese gunboats have been summoned here from Shanghai.

Appeal for Justice.

Chicago, Jan. 24.—A dispatch to the Tribune from Chanute, Kans., says: The independent oil refiners of Kansas have mailed to James B. Garfield, commissioner of corporations of the department of commerce and labor, an appeal for justice against the alleged conspiracy between the Standard Oil company and the railroads to shut Kansas out of the market.

Auto Scares Igorrotes.

New York, Jan. 24.—A cable dispatch from Manila says that Lieutenant Edwin H. Smith, of the engineer corps, has just reached Baguio in an automobile. It is the first automobile ever seen by the Igorrotes, and has given them a great scare.

If the Baby is Cutting Teeth.

DEEPER WATER AT BRUNSWICK.

Chief of Engineers Concurs in Report Favoring 30-Foot Channel.

Washington, Jan. 24.—Chief of Engineers MacKenzie has sent to congress a report upon a project for deeper water at Brunswick, in which he concurs with the views of the district engineer and the board of engineers recommending a 30-foot channel in the river and outer harbor. It is thought, however, by the board of engineers that it will not be necessary to make any further survey for the purpose of equalizing the depths at Brunswick, there now being about 28 feet in the inner harbor and 26 feet in the outer bar.

There was also a provision for a preliminary examination of Brunswick harbor and several others are under conditions which authorized a survey simultaneously in case of approval by the board of engineers upon the report of the resident engineer. This report was highly favorable and the survey was accordingly ordered by the board of engineers. This approval by General MacKenzie placed the project where it is certain of being put through in the near future.

The Original.

Foley & Company, Chicago, originated honey and tar as a throat and lung remedy and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Consider Increase of Force.

Chicago, Jan. 24.—How to increase the police force as a means of preventing crime was the main question before the city council at its last meeting. A proposition that the saloon license fees be raised from \$500 to \$1,000 was sent to the license committee for its first consideration.

E. H. Howell, the popular millinery salesman from New York who visits Gainesville at regular intervals, was greeting his old friends here yesterday.

The finest that money can produce: Blue Ribbon Lemon and Vanilla. Absolutely pure. Goes twice as far and gives desserts the "Blue Ribbon Flavor."

B. J. Potter, the well known phosphate operator of Ocala, was at the Brown House yesterday, and apparently satisfied with the business outlook in his line.

Mrs. S. W. LeGrande has gone on a visit to friends and relatives in Savannah. She will reopen her millinery parlors upon her return to this city, which will be in a few days.

Engineer W. A. Edwards of Columbia, S. C., architect for the University of Florida buildings, after spending a day on professional business here, returned to his home yesterday.

Mrs. Phillip Miller, who has been quite ill for some time, is now convalescing and is so far recovered as to warrant Mr. Miller's return to his business at Jacksonville yesterday.

W. P. VanNess of St. Augustine was in the city yesterday on business. He has considerable property in the city and surrounding country and had business with Tax Collector Dickinson.

W. F. Love of Trenton, a successful crockery contractor of that place, was in the city on business yesterday and made The Sun an agreeable call. Mr. Love purchased from Crawford & Davis a pair of fine mules.

The Brown House was filled with guests last evening, and in place of that yellow fever expression that was visible on Host Ettel's face a few weeks ago, played a smile that won't come off for several days.

Turpentine leases for sale at this office, \$30 per dozen, \$3 per hundred. Cash must accompany order. dawf

The Industrial Edition of The Sun is on sale at Avera's and Vidal's newsstands. Get a copy and send it to your friends.

G. W. Miller has returned from a trip of several weeks in Georgia and called at The Sun office yesterday en route to Trenton.

An agreeable movement of the bowels without any unpleasant effect is produced by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

A pleasant hop was tendered the young lady and gentlemen friends of P. C. Winn at the opera house Tuesday evening. Mr. Winn, who is representing a wholesale hardware, was formerly with the Thomas Co. of this city.

Owing to certain conditions which it was impossible to overcome for the occasion, the concert at the Odd Fellows' Home will not be held on Friday evening. Prof. Foskett says due notice will be given later, and it will be a treat.

There will be a called meeting of the Twentieth Century Club at the residence of Mrs. C. A. Colelough this (Thursday) afternoon at 3:30 o'clock, at which a full attendance is desired. Mrs. C. A. Colelough, Pres.; Mrs. W. S. Dorsey, Sec.

The Beggar Prince Opera Co., a popular comic opera, is booked for Gainesville February 8th. Fred Godding, one of the cleverest comedians on the stage, is the leading comedy man of the troupe. Mr. Godding has a fine company supporting him.

The regular weekly meeting of Gainesville Lodge No. 990, B. P. O. E., will be held in Masonic hall this evening, beginning at 7:30 o'clock. There will be work. A full attendance desired. Visiting Elks are extended a fraternal invitation, and are assured a cordial welcome.

A party participated in another of those enjoyable fish showders at Boulware Springs yesterday. There were about ten in the party, and since the showder was prepared under direction of Judge J. A. Carlisle, the "boss" showder maker of Florida, it is needless to add that it was relished.

Tax Collector Dickinson, who has been on a tour of the south portion of the county, says that they have as fine orange groves along the lakes there as one would wish to see and the shipments this season have been large and the fruit of an excellent quality. The groves are well protected, and he says it would take a hard freeze to injure them.

The New York Racket, Phifer Bros., has decided to continue the special reductions in all ladies' hats until the end of the present week, or until the stock is exhausted. This firm is offering bargains in ladies' trimmed and ready-to-wear hats that are hard to duplicate, and it would probably be a saving to those desiring anything in that line to see the display and get prices before making purchases elsewhere.

W. G. Richardson has returned from High Springs, Newberry and points in the West End, where he has been for the past few days on business. He reports the people of the West End in a most prosperous condition, with money more plentiful than for several years. Wade & Bell have just opened a new naval stores business at Trenton, which will employ a large number of men. The Tyler Lumber Company at Tyler have a fine sawmill with a capacity of 70,000 feet per day, and is also employing a large force.

READ THIS.

DIERSBURG, TENN., June 1, 1901.
Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: One bottle of your Texas Wonder, Hall's Great Discovery, has cured me of kidney trouble and lame back, and I can cheerfully recommend it.
Yours truly,
JACK MOORE, Merchant.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 829, St. Louis, Mo. Send for testimonials. Sold by J. W. McCallum & Co.

BRILLIANT CONCERT

To be Given at High Springs by Gainesville's Musical Talent.

The concert at High Springs on Friday evening will be an event well worthy of the earnest support of the people of that city. Among those of our musical talent who will participate may be mentioned the Misses Hampton and Christine Richards, violinists; Miss Lovie Goode, soprano soloist; Mrs. R. A. Becker, pianist, and Messrs. Goodwin and Hyatt. The people of High Springs can rest assured that these musical people will give them an entertainment that will be well worth the price and much more.

These same people have always pleased the people here, and as the proceeds of the concert go to the Episcopal church, a large audience should be present.

Billy Edwards was registered at the Brown House yesterday. Of course you would never mistrust that the massive bunch of over 300 pounds of avoirdupois moving about the hotel lobby was Billy, but such is the fact, and he represents a Detroit, Mich., wholesale house. Away back yonder Billy was the chef at the White House during the occupancy of the Hayes administration, and the swell dinners he has presided over would make one weep to hear related. Although Mr. Edwards is in the seventies he looks twenty years younger, all from knowing what is good to eat no doubt.

Lost—In vicinity of Dutton, Fla., one good, heavy pony horse; solid bay; left eye out; tail clipped; in good condition. Was last seen Saturday night, Jan. 13th, and had good saddle on at time lost. Any information as to whereabouts of horse will be liberally rewarded. Address all communications to C. T. Bagley, Dutton, Fla.

The East Florida Telephone Company will soon be on speaking terms with the office of the Tyler Lumber Co., near Trenton. This line has a large number of 'phones all over this section and the number is increasing every day. It is a most successful undertaking.

A. O. Steenburg has purchased a five-acre tract opposite the University site, the consideration being \$1,000. This property he proposes to divide into building lots at an early date.

PHIFER BROS.,

Phifer's Corner. — Gainesville, Fla.

THE PRESBYTERIAN CHURCH.

Holds an Important Meeting—Society Out of Debt—New Organ.

There was an important meeting of the members of the Presbyterian church held at the church yesterday afternoon, at which the figures brought forth showed that the organization was free from debt and in a prosperous condition.

The following were chosen trustees: G. K. Broome, M. B. Saunders, G. W. Hyde, W. N. Whison and L. C. Smith. W. B. Higdon was elected treasurer for the ensuing term.

A committee of five was appointed to devise ways and means for the purchase of a new pipe organ.

Another committee was appointed for the purpose of making improvements and needed repairs on the church building.

When the work along this line is done and a new pipe organ installed to replace the one now in use this society will have one of the nicest houses of worship in the State.

WORK IS PROGRESSING

Force Now Engaged in Excavating at University Grounds.

Frank Richardson, vice-president of the W. T. Hadlow Company, contractors for the University buildings, and who will personally superintend the work, has returned from a business trip to Jacksonville.

Mr. Richardson proposes now to get down to business. He has a force of men engaged in excavating the sites upon which the two buildings first to be erected will stand. Water will be run to the ground quickly as possible, when the manufacture of the McCarrel stone, of which material the buildings will be constructed, will begin.

Mr. Richardson expects to have a large force employed within the next ten days, and says the buildings will be completed within the time specified in the contract, which is not later than September 1 of the present year.

THE STRAWBERRY CROP.

Shipments Will Soon Begin if Cool Weather Does Not Prevent.

If cool weather does not interfere with the progress of the crop, strawberries will begin to move within the next ten days, as the crop is well advanced, and indications are that the fruit will mature very rapidly.

The acreage in this vicinity is not large, but this is a most important industry around Starke and Lawley, where hundreds of thousands of baskets are shipped annually. The growers in those sections are hoping for a change in temperature, as they would prefer a later crop, claiming that better prices can be realized.

C. C. Thomas of this city has nine acres planted in strawberries near Starke, from which he anticipates a handsome yield.

An Alachua Function.

The good people of Alachua are making big preparations for an "Old Maid's Convention," which it is proposed to hold in the Knights of Pythias hall in that town Friday evening, 28th inst. The leading people of Alachua will participate, and this promises to be one of the social functions of the season. The proceeds will be given to the Methodist church.

Card of Thanks.

I wish to thank all friends who kindly assisted us during my father's sickness and at his death, and will say: May God's blessing be with you all.

CRIME WILL FLOURISH IN CITIES OF RUSSIA

So Says An American Manufacturer In Moscow.

HAS GLOOMY VIEW ON SITUATION

He Says that Fully Fifty Per Cent of the Workmen in the Cities of Russia Will Be out of Work in 1906 and Will Wander Back to the Villages.

Moscow, Jan. 24.—Alexander Barry, a naturalized American, who is among the prominent manufacturers of Moscow, takes an exceedingly gloomy view of the situation industrially and politically. Mr. Barry employs from 300 to 3,000 men, and unquestionably has a more profound knowledge of Russian conditions than any American in the empire, and is capable of giving a close diagnosis of the situation. He is convinced that the Russian people are not ripe for a full constitutional regime.

The opening of the floodgates of agitation by the publication of the imperial manifesto only served to demoralize a great portion of the masses which had already been disturbed by the agitators.

Continuing, Mr. Barry said:

"The ignorant masses really have none of the political aspirations attributed to them by the agitators, but owing to their poverty they are easy prey for their appeals. That they neither understand nor care for true political rights, is proved by the fact that in Moscow less than ten per cent and in the provinces not over two per cent of the qualified voters will register. Consequently it can be taken for granted that the national assembly will be overwhelmingly conservative and will become an institution to register the decrees of the government. This turn is sure to drive into the camp of extremists the liberals, intellectual classes and the visionary, impracticable classes with ill-digested political ideals, who, throughout the crisis and since the issuance of the reform manifesto, have stood idle by exercising neither influence or restraint. The revolutionary agitation will then enter on a new and more dangerous phase. Up to the present time it has been a mistake to imagine that the revolutionary ideas had taken deep either in the people or the army. The agitation has been cleverly manipulated to give it that appearance, like benzine rubbed on the surface, it is very inflammable, but it soon evaporates if not set on fire. But agitators with matches are everywhere, and future developments in my opinion, will afford plenty of opportunities for a conflagration."

"Fifty per cent of the workmen in the cities of Russia will be out of work in 1906. Impoverished, embittered and unemployed they will wander back to their villages and find willing ears among the land-hungry peasants for the doctrines of Socialism and the division of property and crime and lawlessness will flourish. All the conditions will make for desperation and anarchy in which a revival of the revolutionary agitation will find the best opportunity. The people are incapable in their state of culture of a gradual evolution to a stable, popular regime. It is impossible to lead them to that end. Russia will be confronted either by exercises of power or excess of liberty. There is no middle way."

Railroad Superintendent Dead.

Chicago, Jan. 24.—George W. Cushing, for many years identified with several railroads including the Chicago and North Western, the Union Pacific, the Missouri Kansas and Texas, and the Denver and Rio Grande, as superintendent, is dead. He was born at Portland, Me., in 1825.

Charged with Riffing Registered Mail. Atlanta, Jan. 24.—On the charge of opening and riffing registered letters, Erby M. McGee, a rural mail carrier, whose route is in the Fort McPherson district, was taken before Commissioner Walter Colquhoun where he waived a preliminary hearing and was released on a \$500 bond.

SUICIDE LEFT GUN TO WOMAN.

S. C. Dunn Takes His Life Before a Pawn Shop.

Savannah, Ga., Jan. 24.—S. C. Dunn, of Palatka, Fla., killed himself in the front of the pawnshop of E. Muhlenberg, at 225 Congress street, west.

The shooting was done with a .38-caliber revolver, which Dunn had just redeemed from the pawnshop. The bullet pierced the suicide's heart, and passing entirely through the body, entered the pawnshop through the show window and embedded itself in a box of clothing.

A search of the body revealed a box of cartridges to fit the pistol. From these enough had been taken to load the weapon. A note, "Give my gun to Edith," was the only message left. This was contained in a stamped envelope addressed to Mrs. S. C. Dunn, Palatka, Fla. A bottle of whisky, partly filled, some change amounting to \$5 and some cents, were found. There were also some receipts for dues to Pioneer Lodge No. 23, I. O. O. F., Palatka, Fla., showing dues were paid to Jan. 1, 1906.

WOULDN'T TAKE HIS SEAT.

Old Negro Elected to the Legislature Has Passed Away.

Washington, Ga., Jan. 24.—Rev. Lewis Williams, a negro aged 91, is dead at his home here after a short illness.

Uncle Lewis, as he was familiarly known, was one of the most prominent negroes in the state, and has lived a long and useful life in trying to instruct and uplift his race.

Soon after the war, in the sixties, Uncle Lewis Williams was elected to the state legislature from Wilkes county, but never took his seat owing to the opposition of the whites. He then opened a small school for negro children and is said to have been the first negro of the state to teach. He was the founder of the negro Baptist church in this city and was assisted in the dedication of nearly every negro Baptist church in Georgia.

Throughout his long life of nearly five-score years he has held the highest respect of white and black alike. Many of the white citizens attended his funeral.

MUTILATED MAN IS STILL ALIVE.

Leg and Arm Off and Bad Wound in His Temple.

Albany, Ga., Jan. 24.—With his left leg cut off close to the trunk, his left arm severed a few inches below the shoulder, a bad wound in the temple and horrible wounds in the face, W. H. Parker, of Montezuma, still lives.

The injured man may recover, although this is considered hardly possible. He was struck by a Coast Line switch engine a few yards east of the entrance to Flint river bridge. It is alleged by the crew of the engine that he was asleep on the track, being apparently in an intoxicated condition. He was picked up and brought to the city, where the road's surgeons gave him attention. His wife was wired for and is now with him. It is a miracle that he lives, but the fact that life is not yet extinct encourages the hope that he will recover.

File Bill for Receiver.

Chicago, Jan. 24.—A bill for a receiver for the National Life Insurance company, of Chicago, has been filed in the district court at Des Moines, Iowa, where the company has \$1,200,000 on deposit with the state auditor. The bill was filed for Dr. A. L. Watson, a police holder, who asks also that the Chicago company be restrained from transferring or disposing of the funds. Dr. Watson alleges that promises made for the payment of gold bonds have not been fulfilled.

Position of Dewey Given.

Washington, Jan. 24.—Rear Admiral Dewey, commandant of the naval station at San Juan, Porto Rico, under date of Monday, Jan. 22, the following telegram to the navy department regarding the dry dock Dewey: "Later information from Manila gives position of dry dock Dewey at midnight on the 20th instant as follows: It is of steel, longitudinal, 110 feet long, 60 feet high, 10 feet wide. It is a wooden structure, who had died of berri berri."

FIVE MINERS LOSE LIVES IN SNOWSLIDE

Railroad Tracks Blocked By Snow Drifts.

MILL CRUSHED BY SNOWSLIDE

There Are Eleven Slides Between Silverton and Elk Park, Colo., Averaging From 7 to 30 Feet Deep and 50 to 450 Feet Long.

Silverton, Colo., Jan. 24.—Five Italian miners employed at the Sunnyside mine, have lost their lives in an immense snowslide.

No particulars or the names of the men can be obtained as the telephone line is down, and communication of all kinds is destroyed. The mine blacksmith shop and several tram cars are also known to have been swept away.

No trains from Durango or Denver have arrived since last Wednesday, due to slides and immense drifts of snow, which have blocked the tracks.

All the short line roads running to outlying camps are now snowed in.

There are eleven slides between Silverton and Elk Park. The slides average from seven to thirty feet deep and 50 to 450 feet wide.

One immense slide went into the Animas river, forming a dam of snow and ice, which caused the stream to back up and overflow the Rio Grande tracks to a depth of four feet. It will be two weeks before traffic can be resumed between Silverton and Durango.

The Iowa mill in Arastra gulch, has been crushed in by heavy snowslides which came down Little Giant mountain.

The storm, which has about spent its force, has been one of the worst ever known in this section.

BANK ROBBER IS KILLED.

Unsuccessful Attempt Made on Montague, Tex., Institution.

Fort Worth, Tex., Jan. 24.—An unsuccessful attempt was made to rob the vault of the Bank of Montague, Tex., and as a result one of the robbers is dead and another is believed to be wounded.

G. W. Bradley, who has sleeping apartments in the bank building, was awakened by the muffled report of an explosion. On approaching the room where the vault is located he was fired on by parties from within. He returned the fire, killing one of the robbers. Two other men ran from the building, one apparently being wounded. The body of the man killed has not been identified. The robbers are being pursued by a posse, who have trailed them to this city. No money was secured.

Will Be Honored by Hero Fund.

Pittsburg, Jan. 24.—It is understood here that Captain Castro and crew of the Alberta will be honored by the Carnegie fund committee. They will be given medals or money, possibly both, for their work in rescuing the passengers from the Cherokee at Atlantic City. Manager Wilmut, of the Carnegie Hero Fund, said that "the hero fund committee finds that the work of rescue performed by Captain Mark Castro and his crew of the Alberta was not in any way overdrawn. All that is needed is for the committee as a whole to pass on it."

Smith Killed by Brother.

Columbus, Ga., Jan. 24.—Charlie Smith, a prominent farmer, has been killed near Smiths Station, Ala., by his brother, William Smith. The slayer used a double-barreled shotgun, firing both barrels. The dead man was about 50 years old, and William Smith was a few years younger. The killing occurred in front of the old Smith home.

For Shooting on Train.

Clayton, Ga., Jan. 24.—John Moore and Will J. Taylor were lodged in jail here charged with shooting on the railroad passenger train. The boys are members of good families.

ROCHELLE RESUME.

An Interesting Letter, Filled With Local News Items.

Rochelle, January 23.—Mrs. John Coulter is visiting at Arredondo this week, the guest of her parents.

J. A. Tucker made the Central City a brief visit Wednesday.

A lovely little son is receiving a warm welcome at the home of his parents, Mr. and Mrs. John Feaster, having arrived Sunday on the moonlight express.

Yesterday being a fine day for ducks, Messrs. Williams and Smith went hunting, but the report of the gun proved "they roost too high for me," therefore they got ducked.

Mrs. G. W. Tillman of High Springs spent Monday here, the guest of Mrs. Jones.

W. A. Adams is now manager of the Star restaurant. Will is fond of high living, so you may expect to be served royally.

J. H. Anderson of Dunnellon was a welcome visitor here yesterday.

We are delighted with our new music teacher, Mrs. E. F. Zetrouer.

Our bird operator made a flying trip to Gainesville Monday.

Elmo Mansfield, the sleepless operator of Greenville, spent Saturday and Sunday here with his best friends. Elmo used to be one of the boys, therefore was warmly welcomed.

Mrs. T. J. Perry and daughter of Boardman spent Sunday in our burg.

Prof. J. H. Owen has organized a literary society in our little village. Indeed we feel proud of the interest he is taking, and to know that Martha Perry Institute possesses such an efficient teacher.

W. M. Barco, one of Dutton's society boys, spent Sunday in our midst.

Rev. E. B. Clark of High Springs preached two interesting sermons here Sunday.

The dance at the home of Mr. and Mrs. A. Zetrouer Tuesday night was an enjoyable affair, notwithstanding the inclemency of the weather. The evening was passed away in conversation, music, laughter and repartee.

Miss Winnifred Tucker leaves today for Dunnellon to visit relatives.

THE PRESBYTERIAN CHURCH.

Holds an Important Meeting—Society Out of Debt—New Organ.

There was an important meeting of the members of the Presbyterian church held at the church yesterday afternoon, at which the figures brought forth showed that this organization was free from debt and in a prosperous condition.

The following were chosen trustees: G. K. Broome, M. B. Saunders, G. W. Hyde, W. N. Wilson and L. C. Smith. W. B. Higdon was elected treasurer for the ensuing term.

A committee of five was appointed to devise ways and means for the purchase of a new pipe organ.

Another committee was appointed for the purpose of making improvements and needed repairs on the church building.

When the work along this line is done and a new pipe organ installed to replace the one now in use this society will have one of the nicest houses of worship in the State.

WORK IS PROGRESSING.

Force Now Engaged in Excavating at University Grounds.

Frank Richardson, vice-president of the W. T. Hadlow Company, contractors for the University buildings, and who will personally superintend the work, has returned from a business trip to Jacksonville.

Mr. Richardson proposes now to get down to business. He has a force of men engaged in excavating the sites upon which the two buildings first to be erected will stand. Water will be run to the ground quickly as possible, when the manufacture of the McCarr stone, of which material the buildings will be constructed, will begin.

Mr. Richardson expects to have a large force employed within the next ten days, and says the buildings will be completed within the time specified in the contract, which is not later than September 1 of the present year.

196 SAILORS GO DOWN WITH SHIP

Brazilian Ship Destroyed By Explosion.

THREE ADMIRALS ARE DROWNED

Three Minutes After the Explosion Occurred the Ship Went Down—Nearly All the Officers Were Either Killed or Wounded.

Rio Janeiro, Brazil, Jan. 24.—The cruiser Barroso has arrived here from Port Jacarepagua, with those injured by the explosion on the Aquidaban.

Nearly all the officers were killed or injured. The dead number 196, and the injured 26. The explosion occurred in the powder magazine, and the vessel sunk in three minutes.

The following members of the commission which left the arsenal on board the Aquidaban, accompanying the minister of marine, were drowned: Rear Admiral Rodrigo Jose Darocha, Rear Admiral Francisco Calheiros DaGraca.

Rear Admiral Joao Candido Brazil, Captain Alves De Larrigo.

Two commanders, two German photographers and one reporter also were drowned.

The Aquidaban was of 4,950 tons displacement and 6,200 horse power. She was built in England in 1885 at a cost of \$1,725,000. The armament consisted of four 9.4-inch guns, four 5.5-inch guns and a number of smaller guns. She had five torpedo tubes. Her crew numbered 350 officers and men.

Bonaparte Telegraphs Sympathy.

Washington, Jan. 24.—Immediately upon receipt of official news of the destruction of the Brazilian battleship Aquidaban Secretary Bonaparte sent a cablegram to the Brazilian minister of marine extending sympathy.

REJECT A SOUTHERN MAN.

Talladega College Students Walk Out on "Strike."

Talladega, Ala., Jan. 24.—One hundred and seven students of Talladega college for negroes, have left as the result of the faculty electing L. O. Parks, a southern white man, as superintendent over the agricultural department.

The students said "We won't have a southern white man to oversee us." Trouble has been brewing for several days, the students in different departments refusing to attend class. The trouble is not ended and others are expected to leave.

Talladega college is controlled by the Congregational Society of New York, and has a faculty of northern white teachers. There are about 600 pupils in attendance.

Lumber Association Convenes.

New Orleans, Jan. 24.—The sixteenth annual convention of the Southern Lumber Manufacturers' association has opened here. President R. A. Long presided. Most of the 373 active members were included in the attendance. A matter of some discussion among the delegates before the meeting was the announcement of the appointment of a joint committee by the Mississippi legislature to investigate the lumber trust in that state with the probability that the committee would come to New Orleans this week. Members of the association said their organization was without trust features.

Steamer Lost By Collision.

Boston, Jan. 24.—The loss of the steamer Trojan, of the Boston-Philadelphia line in collision with the steamer Nacoochee, of the Savannah line, in Vineyard sound last Sunday, has been reported here by the Nacoochee, which arrived, having on board the captain and crew of the Trojan. The accident was due to a fog. The Nacoochee struck the Trojan amidships and the latter then went to the bottom within three-quarters of an hour, but Captain Thatcher and the crew of 27 men of the Trojan were taken off by men from the Nacoochee.

DISTRICT MEETING TO BE HELD HERE

Knights of Fifth District Will
Assemble on February 20.

MANY PYTHIANS ARE EXPECTED

District Embraces Three Counties,
Eleven Lodges, All in Fine Condition.
Fine Meeting Anticipated, To be
Concluded With Banquet.

District Deputy Grand Chancellor
W. E. Dow of the Fifth District,
Knights of Pythias, has written a cir-
cular letter to each of the lodges em-
braced in the district calling attention
to the fact that a district meeting will
be held with Mount Vernon Lodge No.
28, this city, on the afternoon and
evening of Tuesday, February 20.

These district meetings, which were
authorized by the Grand Lodge of the
order a couple of years ago, have pro-
ved a great benefit, as they have not
only revived interest but present an
opportunity for the Knights of various
lodges to mingle together in good fel-
lowship, receive instructions in the de-
gree work, and talk over matters "for
the good of the order."

District No. 5, which is one of the
best and strongest in the domain of
Florida, is composed of eleven lodges,
representing Alachua, Bradford and
Levy counties. All lodges are in good
condition, and there will no doubt
come a good delegation from each.
The lodges are as follows:

Sewanee No. 4, Bronson; Mount
Vernon No. 20, Gainesville; Micanopy
No. 22, Starke No. 34, Waldo No. 38,
Lake Butler No. 40, High Springs No.
51, Newberry No. 55, Archer No. 62
Alachua No. 63 and Williston No. 60.

This will be the third meeting of
this character held in this city, each
largely attended, and a great time is
anticipated upon the coming event.

The meeting will be called to order
at 8 o'clock in the afternoon, and con-
clude with an evening session and ban-
quet.

DR. HOLZHAUSEN'S LECTURE.

Draw a Large Audience and Much
Praise at Tallahassee.

The lecture upon Martin Luther,
given Sunday night at the Presbyte-
rian church by Rev. Dr. F. A. Holz-
hausen, was a great success in every
respect. The church was crowded by
a highly intelligent audience, the lec-
ture was entertaining, instructive and
inspiring from start to finish, and all
present capable of appreciating the
fine points and graphic presentation of
the thrilling, daring, unparalleled
career in the world's history, as
brought out in the great reformer's
life, expressed themselves in the most
complimentary terms respecting both
the lecture and the lecturer.

The singing by the choir was su-
perb, and lent a perfect charm to this
interesting occasion.

The hymn, "A Mighty Fortress is
Our God," the words and music of
which were composed by Luther, was
sung before and after the lecture, the
effect of which will not easily be
erased from the memory tablets of all
who heard these truly stirring and
magnetic strains.—Tallahassee Daily
Capital.

School Has Been Moved.

The Halle school, which for the past
few years has been located near Lex-
ington, has been removed to Komoko,
so that location appears to the school
board to be more convenient to the
majority of the patrons of the school.

Miss Ethel Watkins of Micanopy has
charge of the school and is doing some
excellent work.

BARGAINS IN MEDICINE.

A woman once wrote us
that she was not going to
buy Scott's Emulsion any
more because it cost too
much. Said she could get
some other emulsion for less
money. Penny wise and
pound foolish. Scott's Emul-
sion costs more because it is
worth more—costs more to
make. We could make
Scott's Emulsion cost less by
using less oil. Could take
less care in making it, too.
If we did, however, Scott's
Emulsion wouldn't be the
standard preparation of cod
liver oil as it is to-day.

NEWBERRY SCHOOL BUILDING.

Work Progressing Nicely and Will
Soon be Completed.

A report comes from Newberry to
the effect that the new school build-
ing which has been contemplated for
some time is now under course of
erection and will be completed some-
time during the latter part of the com-
ing month.

The building will be of wood, but
will be provided with modern con-
veniences and ample to accommodate the
people of Newberry and vicinity for
several years.

The Newberry school is in charge of
Prof. William T. Whitney, a graduate
of East Florida Seminary, and one of
the most efficient young teachers in
the county. He is ably assisted by Miss
Cylla Kennedy, another teacher of
ability. The school is progressing finely
and the patrons are well pleased
with the faculty.

Sickening, Shivering Fits

Of ague and malaria can be relieved
and cured with Electric Bitters. This
is a pure, tonic medicine; of especial
benefit in malaria, for it exerts a true
curative influence on the disease, driv-
ing it entirely out of the system. It
is much to be preferred to quinine,
having none of this drug's bad after
effects. E. S. Monday of Henrietta,
Tex., writes: "My brother was very
low with malarial fever and jaundice
till he took Electric Bitters, which
saved his life." At all drug stores.
Price 50c, guaranteed.

FRAME LETTUCE IS NOW MOVING

Several Baskets Shipped from
Rocky Point.

THE PROSPECTS ARE GOOD

Notwithstanding Recent Continued
Rains, Growers Anticipate No Se-
rious Loss Unless Caused by Cold.
Beet and Cabbage Crops.

Advises from Rocky Point and other
sections along the Gainesville and
Gulf railroad are to the effect that a
greater part of the unprotected lettuce
has been shipped, and that the move-
ment of frame lettuce has begun. Al-
though light so far, with favorable
conditions the movement will be heavy
within the next ten days. The acreage
is larger this season than usual, and if
the prices which have prevailed in the
past continue, lettuce growers will re-
alize nicely from the crop.

It is feared that the recent contin-
ued rains have materially damaged the
plant in some sections, but if there
occurs no serious fall in the tempera-
ture even this damage by rain will
be overcome, as the plant has been
very prolific and of fine growth.

A prominent trucker from the Rocky
Point section who came to Gainesville
Tuesday stated that the beet and cab-
bage fields are looking fine and prom-
ise an abundant yield with favorable
weather conditions. "There has been
considerable rain in our section," he
said, "which has naturally damaged
these crops to some extent; but the
cabbage and beet, being less sensitive
than some plants, can stand a great
deal more irrigation than others and
the truckers are not anticipating much
loss in this direction."

Deafness Cannot be Cured

By local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deaf-
ness, and that is by constitutional
remedies. Deafness is caused by an
inflamed condition of the mucous
lining of the Eustachian Tube. When
this tube is inflamed you have a rum-
bling sound or imperfect hearing, and
when it is entirely closed deafness is
the result, and unless the inflamma-
tion can be taken out and this tube
restored to its normal condition hear-
ing will be destroyed forever. Nine
cases out of ten are caused by catarrh,
which is nothing but an inflamed con-
dition of the mucous surfaces.

We will give One Hundred Dollars
for any case of deafness (caused by
catarrh) that cannot be cured by
Hall's Catarrh Cure. Send for cir-
culars, free.

BALLARD'S HOREHOUND SYRUP

PERMANENTLY CURES
CONSUMPTION, COUGHS, COLDS, BRONCHITIS
ASTHMA, SORE THROAT, HOARSENESS
WHOOPIING COUGH AND CROUP

DO NOT DELAY

Until the drain on your system produces permanent disability. The human
breathing machinery is a wonderful system of tubes and cells. To have good
health it must be kept in good order. A COLD is considered of no impor-
tance, yet if it is known by its proper name of "throat inflammation,"
or "congestion of the lungs," its dangerous character would be appre-
ciated. When a cold makes its appearance use at once Ballard's Hore-
hound Syrup which will speedily overcome it.

WHOOPIING COUGH and CROUP Require Prompt Action. **SNOW**
LINIMENT applied to the throat and chest gives wonderful relief, while
Ballard's Horehound Syrup will rapidly stop the violent paroxysms of
coughing. **IT IS THE ONLY COUGH REMEDY THAT WILL**
POSITIVELY CURE WHOOPING COUGH AND CROUP.

BEST FOR CHILDREN

Mrs. Maud Adams, Goldthwaite, Tex., writes:—"I have used Ballard's
Horehound Syrup and find it the BEST medicine for croup, coughs and
colds. My children use it and it is pleasant to take and quickly cures."

Chassey Depew must be getting quite deaf. He declares he has heard no good reason why he should resign.

The Citrus county convicts are the highest priced in the State, and each one is worth \$27.10 per month so men who hire them.

Some of the cotton growers in this county claim there is more money in growing velvet beans than there is in Sun Island cotton.

If the football game should be barred the trainers might get a job of some of the South American Republics, getting revolutionists in condition.

Mr. Butler (Annie Oakley), the crack rifle shot, hit the ball's eye for fair when she got \$2,000 damages from The Metropolis. Other papers that claim they use the same telegraph service that The Metropolis does had better watch out.

There is plenty of room for factories in Florida, and the sooner they are started the better it will be for the country. The few canning factories that have been started have all done well. The brick factories are busy and there is a demand for more. Florida is booming.

Germany wants the South American States to combine against the Monroe doctrine and the open door of the United States. Such a move would make it rather bad for their revolutionary movements, as it is very convenient for them to get arms, etc., from this country.

Hon. N. Adams of Jasper has tendered his resignation as a member of the State Board of Control. His views were not in harmony with the other members, and the six hard-headed, obstinate fellows would not change over to please Mr. Adams, so he decided not to play.—Citrus County Chronicle.

The weather in some sections of the North has been quite warm during the greater part of this month, and while we have had summer heat in Gainesville, averaging from 70 to 80 degrees, it has been up as high as 86 to 84 above in Detroit, Mich., which is quite unusual for that section. At Marquette, in the extreme northern portion of that State, it was 34 degrees above on Saturday. But there is much uneasiness in the South Florida counties, lest we get a sudden cool spell, which would do much damage to the orange trees.

The forty-second anniversary of the foundation of the Order of Knights of Pythias occurs on February 19th and throughout the United States the day will be observed by the members of this noble order. The first ritual was written by Justin Rathbone of Washington and to him is due the credit for its foundation. The order was established during the stormy days of that time and grew out of a desire on both sides of the Mason and Dixon line to re-establish the friendship that had existed previous to the Civil War. The idea spread rapidly and many lodges were organized both North and South, and along the border line brothers clasped hands in the same lodge room and forgot that there had been strife or sectional feeling between them.

STILL AT IT.

Those fellows at Lake City are bound to rule or try to ruin. If they have to pay for anything they kick and try to repudiate the debt. If they can't have the State University, which they have made a failure in years past and brought the disgust of all far-sighted people of the State down on them, they will make as much trouble as they can for those who are working for the best interests of the educational institutions that are in need of the most careful attention of the whole State at present.

The methods of procedure are not approved by some of their own people who have become disgusted with the actions of a few who are bound to repudiate the actions of the State at large, the Supreme Court and may call for the Supreme Court of the United States.

The following telegram from Tallahassee, January 23rd, to The Times-Union of Jacksonville, shows their latest move:

"A petition for a rehearing in the Buckman bill case, relative to its constitutionality, has been filed in the Supreme Court by Cooper & Cooper of Jacksonville and Judge Henry of Lake City. The grounds for the plea are that the court failed to consider all the points at issue in the recent decision. It is understood that if the petition is denied the case will be appealed to the United States Court."

The recent expressions of the newspapers of Florida, with but perhaps four exceptions, have convinced The Sun that the majority of the people of Florida are satisfied, and when you take affairs from the majority you are undertaking desperate measures.

THE BUCKMAN LAW.

Editor Koonce of The Sumter Times gives the following apt discourse on the Buckman bill, which, coming from one who is only interested as a good citizen, we deem worthy of consideration:

"We thought when the Buckman bill had been decided by the Supreme Court to be constitutional it would stop the discussion for awhile. But it seems not. The very peculiar thing is that some of those who were such strong fighters for it before the Legislature now discover (when the University was not located at Lake City) that it is such an awful bad bill and robs the people of so much money. We have never been disposed to discuss the merits or demerits of this measure. As a rule we do not favor sudden and radical changes, but we do not see the great injustice to the common people which the erstwhile supporters of the measure now see in it. We do not see where it interferes with or breaks up the country schools. On the contrary we believe the plan is an encouragement to the country free school, and we believe this fact is being demonstrated every day by the improvements in the county high schools and the increasing number of them. After all, isn't it better to have these high schools in each county, right at the poor man's door, than to have several so-called colleges scattered about over the State which are in reality but little if any better than the county schools? And all this talk about 'graft.' Is there more opportunity for two institutions to 'graft' than six? One would have to think so to find any reasoning in some of the articles printed. Mind, we do not say that the six institutions were up to that game; we like to think well of all people and if we think that the authorities in charge of six were honest we don't see why those in charge of two may not likewise be honest. All these general charges of 'graft,' plunder and extravagance sound fearful, but in this age we like to have something definite and specific. We dislike to see this question dragged into politics; we want to see the educational affairs of the State conducted and discussed in a more dignified and becoming manner. The charge was sudden it is true. Miss Florida was probably like the old maid who had her first offer of marriage. She said: 'this is so sudden.' At the same time she recognized that a change wouldn't be much worse and it might be lots better to try a new plan awhile anyhow."

"Will those who are so strenuously abusing the law, now that the University was not located at Lake City (and who favored it when it was up for consideration by the Legislature), on the grounds of expense, tell us something about the appropriations asked for by the various State schools last session, how much has been appropriated during the last ten years? And during all that time what standing in the educa-

tional word did a degree or diploma from either one the state schools give? How did they compare with other State universities? Now that we have only one for boys and one for girls, let us put up the standard and make them rank with any in the Union, and not be mere preparatory schools. Let's get together on this and have our preparatory school at home."

ADAMS' RESIGNATION.

The Sun is in receipt of a communication requesting the publication of Hon. Nathaniel Adams' letter to Governor Broward tendering his resignation as a member of the State Board of Educational Control, which appeared in these columns several days ago.

The letter was published without comment, pro or con, lest some might assert that our opinion was biased, although it appeared to many that Mr. Adams was satisfied he could not control the able gentlemen who comprised the other members of the board, and took the step he did to get sympathy and show his Columbian orators at Lake City that he was loyal to them, and if he could not help them in his position would not be a party to the adjustment of the educational interests of the State when they did not materially help his local interests.

In Mr. Adams' letter of resignation the same argument is used in opposing the Buckman school law as was used in supporting the Buckman bill on the floor of the Senate at Tallahassee, and while we have refrained from leading any controversy regarding the matter, leaving it to the fair-minded people of the State to judge as to what they desired, owing to the fact that the University of Florida is a State institution, it cannot be expected that we would very cheerfully let down Mr. Adams, who resigned a position of honor tendered by the Governor, expecting that he would do his duty as a citizen for the advancement and adjustment of the whole people by aiding to rebuild our school system, which is recognized as the bulwark of our National existence.

SHOW-DOWN ON RURAL ROUTES.

Postmaster-General Cortelyou in his reports made public recently outlines a policy of stricter adherence to the legal regulations of rural mail routes. Most important to rural route patrons is his intention to "discontinue without delay any route where it is found on inspection that because of a lack of appreciation of the service the expenditure involved is unwarranted," and the announcement that where patronage is insufficient to warrant a daily delivery substitution will be made of a every-other-day service. Not every route is appreciative and too many patrons look upon the service as something to which they have the same general right as they have to receive mail at a post-office. The \$14,000,000 deficit has brought the government to the conclusion that there is little sense in spending the people's money on those who do not appreciate it.

FARM NOTES.

The best breeds of cattle make the best beef. Select those best suited for the purpose you wish—milk or beef cattle.

The farmer who raises stock with his other crops is seldom at a loss to know where to get a little money. A young steer will always bring a good price and when fattened on velvet beans makes excellent beef.

Uncle Sam, through its agricultural

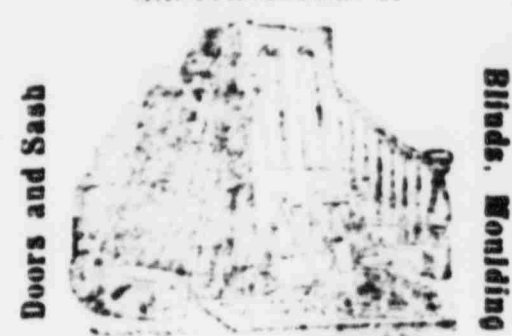

department, has gone into the business of instructing his people in the art of road building. Last year he built twenty-one model roads in different sections of the country. A comparative statement of cost is given which shows that macadam roads have a maximum cost of 35 cents and an average cost of 25 cents per square yard, and that of gravel roads 40 cents, 30 cents per square yard, and of dirt roads 15 cents per square yard.

The hog market has been satisfactorily strong all the season, and pig slaughterers the season advanced. Prices were higher than for a corresponding period a year ago, and that was without any of the usual causes for a rise in prices. And this is due to the fact of good crops and a large packing season. The market is now strong and prices are high. It is a good time to buy hogs, and a farmer who has a good stock of hogs should be a good deal satisfied with the results.

After all the mean remarks about the "half-headed row" one of the number steps to the front and wins the hand of the President's daughter.

HORRIBLE DEATH OF TWO CHILDREN

Were Burned to Death in Barn
While Father Was Away.

BODIES FRIGHTFULLY CHARRED

McCray Left Little Ones at Home
While He Went to Work in Field and
Was Attracted Home by Smoke.
Found Smokey Big Blaze.

As a result of a fire which broke out in the barn of a Mr. McCray, who resides in the town of W. McCray, two children, a boy and a girl, both of whom were about 10 years of age, were burned to death.

It is reported that several days ago McCray and his wife separated, the latter leaving home. McCray went down to his field to work Tuesday, leaving the two small children alone at home. He was attracted a short time afterward by a dense smoke and hurrying to the house discovered the barn on fire. The children were missing and could be found nowhere, but after the fire had died down their lifeless forms, terribly charred, were found in the ruins.

The loss is a serious one all round to the unfortunate man. Aside from the death of his children, his entire crop of grain and other products of the farm, which had been harvested, were lost. A dog belonging to McCray was also cremated.

The origin of the fire is unknown, but it is supposed the children ignited the contents of the barn while playing with matches.

Grateful Acknowledgement.

DEATH OF A VETERAN.

Elias Sylvester Passes Away at the Age
of 72 Years.

Elias Sylvester, one of the old residents of this county and a Confederate veteran, died at his home near Paradise on Saturday, January 20th, 1906, aged 72 years.

Deceased was born at Fort Call, Lafayette county, in 1834, and went with his parents to Wayne county, Fla., when but a child, where he remained until 1860, when he returned to this State.

He was a member of the Navy, and served on the U. S. S. Albatross, and was a member of the U. S. S. Albatross, and was a member of the U. S. S. Albatross.

He was a member of the U. S. S. Albatross, and was a member of the U. S. S. Albatross, and was a member of the U. S. S. Albatross.

Deceased was a good friend to all, and it did him much pleasure to do a friendly act.

The funeral took place at 3 p. m. Sunday, the remains being laid to rest in Antioch cemetery, a large number of sorrowing friends and relatives being present to pay their last tribute to his memory.

He will be greatly missed by many, who can only say "God's will be done."

An Alachua Function.

The good people of Alachua are making big preparations for an "Old Maid's Convention," which it is proposed to hold in the Knights of Pythias hall in that town, Friday evening, 26th inst. The leading people of Alachua will participate, and this promises to be one of the social functions of the season. The proceeds will be given to the Methodist church.

THE BUCKMAN BILL RESISTS ASSAULT

The Petition for Rehearing Denied by State Supreme Court.

THE "ARCH" PLOTTERS FOILED

Attorney-General Ellis Declines to Use His Name to Appeal to United States Supreme Court—This Will Probably End the Matter.

Tallahassee, Jan. 24.—The action of the Supreme Court yesterday in denying the petition for a rehearing of the Buckman educational bill, which was filed by Attorneys Cooper & Cooper of Jacksonville and Judge Arch Henry of Lake City, will be a relief to the people, who are weary of such actions. This probably is the last appearance of the famous Buckman bill in the courts as it is understood that the Attorney-General will decline the use of his name in an appeal to the United States Court.

BRILLIANT CONCERT

To be Given at High Springs by Gainesville's Musical Talent.

The concert at High Springs on Friday evening will be an event well worthy of the earnest support of the people of that city. Among those of our musical talent who will participate may be mentioned the Misses Hampton and Christine Richards, violinists; Miss Lovie Goode, soprano soloist; Mrs. R. A. Becker, pianist, and Messrs. Goodwin and Hyatt. The people of High Springs can rest as-

sured that these musical people will give them an entertainment that will be well worth the price and much more.

These same people have always pleased the people here, and as the proceeds of the concert go to the Episcopal church, a large audience should be present.

W. G. Richardson has returned from High Springs, Newberry and points in the West End, where he has been for the past few days on business. He re-

ports the people of the West End in a most prosperous condition, with money more plentiful than for several years. Wade & Bell have just opened a new naval stores business at Trenton, which will employ a large number of men. The Tyler Lumber Company at Tyler have a fine sawmill with a capacity of 70,000 feet per day, and is also employing a large force.

The Ocala Rifles stand second in the military annals, Key West first, of all Florida militia.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Tuesday's Daily Sun:

W. F. Smith of Newberry was among the visitors to Gainesville yesterday.

Saturday—Best green coffee, 12½ cents per pound. W. S. Dorsey & Co.

Mrs. Ben T. Arnow and baby are spending a few days with relatives at Alachua.

Phillip Parrish of Hague was among those who came to Gainesville trading yesterday.

Mr. and Mrs. R. D. Hiers and child of Cadillac were among those who spent Sunday in this city.

A. G. F. Brown, a well-known colored man, died at his home, 900 West Thomas street. Funeral today.

S. W. Slaughter, who has resided at Alachua, has removed to Wannee. He made The Sun a short call yesterday.

L. J. Burkham got the habit Sunday and left for Baltimore and the Eastern markets to purchase his spring and summer clothing stock.

Allen Hille of Alachua passed through the city yesterday en route to Orange Heights, where he had been summoned on business.

Mrs. Geo. W. Moyers, who has been enjoying a month's visit with her large number of friends in this city, has gone to St. Petersburg to visit her son.

L. V. Foke of Hague was in the city on Monday and made The Sun one of those annual calls that please the man who looks after the financial affairs. Our latch-string is out for such visitors.

T. J. Blalock left yesterday for Ocala, where he has secured a position as manager of the New Home and White sewing machine offices, which are in charge of F. W. Smith, general agent.

Home-grown cabbage, with sounder heads than are to be found in many high places, are now in the market and retail for from 10 to 15 cents each. Fine new Irish potatoes are also very plentiful and of fine quality.

S. B. Kennard, the clever traveling representative of the Singer Manufacturing Company, has returned from Starke, Lawley and other points, where he has been for the past few days in the interest of his firm.

W. W. Philman and W. H. Sanchez were among those who visited this city from Newberry yesterday, and while here were pleasant callers at The Sun office, the former renewing the subscription of G. H. Sanchez.

Mrs. Mary Renier and son, Elmer, of Appleton, Wis., who are spending the winter at the home of Mr. and Mrs. L. D. Sandborn, left on Monday for a trip to Tampa, Key West and Miami. They expect to be absent several weeks.

The supper at the beautiful home of Mr. and Mrs. J. B. Padgett last evening was a very enjoyable occasion, notwithstanding the inclement weather. All are fond of partaking of the hospitality of the Padgetts, which is always most cheerfully bestowed.

Prof. W. H. Main of the LaCrosse school was in the city yesterday. It is reported that a case or two of smallpox exists in the LaCrosse neighborhood, but the disease is of a very mild type, if it is smallpox at all, and no fear of spreading is anticipated.

The W. G. Alexander Co. of New Haven, Conn., which has the contract for the erection of the C. W. Chase stable and other buildings in the northeast part of the city, is making good progress. The stable will be 38x100 feet on the ground and two stories high.

J. E. Futch has returned from Waucho, DeSoto county, in the vicinity of which place he has extensive orange interests. The crop from two of his groves, which has been shipped, aggregated about 3,000 boxes. He has another grove just coming into bearing which he anticipates will yield nicely next season.

Mr. and Mrs. W. A. McGriff of Micanopy spent Sunday in this city, guests of Mr. and Mrs. Perry M. Colson, Mrs. McGriff's parents. Mr. McGriff, who purchased the drug store of Dr. W. C.
